

Town of Lanesborough - Energy Committee

Minutes of December 4, 2014 Meeting

Members in Attendance: Robert Ericson (RE), Gordon Zaks (GZ), Aaron Williams (AW) Jack Hickey (JH)
Paul Sieloff (PS)

- 1.) RE called the meeting to order at 10:00
- 2.) JH was appointed to take minutes
- 3.) There was a general discussion about the need to develop priorities on which facilities to begin work on. It was a great deal of support for starting with the police station and the elementary school. The replacement of outside lights and turning off the hot water when the school is not in session seem to be a good place to start. The best way to approach the rehabilitation of the police station received a great deal of discussion. PS will provide the committee with a listing of town hall projects that he believes can be early candidates for the committee to work on.
- 4.) GZ had a discussion with National Grid concerning resources that they have that might be able to make available to assist the committee in evaluating projects. Arrangements were made to have a representative of National Grid attend the next meeting of the committee
- 5.) RE will invite the police chief to attend the next meeting of the committee to discuss the committee's thoughts on the best way to update the police station
6. AW will try to review lighting and heating conditions at the Highway facility with Bill DeCells before the next committee meeting. GZ will continue to work on the boiler RFP for the police station

Meeting adjourned at 12:15

Next Meeting will be 12/9 at 10am.
